NVOCC

Our NVOCC Operations allow us to leverage the shipping volumes of importers and exporters while offering ocean transportation services at competitive rates. This is accomplished through involvement with the industry associations, Super Middle East affording access to numerous service contracts, grouping members of shipping volumes together resulting in rate levels that individual members are often unable to get on their own. The result is cost saving which is recognized by our shipper/clients.

Our NVOCC services- Import, Export, Combined with our Freight Forwarding and Customs Brokerage services, allow complete shipment visibility from the moment a booking is placed. With NVOCC and Freight Forwarding services managed by a single point of contact coupled with our online track & trace system, you receive a level of services that is second to none. Pick up the phone today and let one of our NVOCC specialists show you how worry-free international shipping is.
